Features

Hybrid Series

- 7-inch resin top ledge to protect from the sun
- Sturdy embossed steel uprights for extra strength to protect from the elements
- Two-piece resin ledge covers
- Snap-in resin bottom rails
- Exclusive interlocking steel stabilizers to protect the wall
- Sahara wall pattern
- Heavy corrugated wall with superior coatings
- Stainless steel hardware
- Tru Kote under coat system used on all steel components
- Easy to assemble
- Butress system for oval pools
 - a structurally simplified design with superior strength and durability

7-inch top ledges are made in resin, providing ultimate strength to last for the long haul.

Sturdy steel uprights in Ivory are a great complement to the beautiful wall pattern.

SAHARA wall pattern, chosen for its versatility and matching ivory tones, will coordinate well- no matter your backyard style

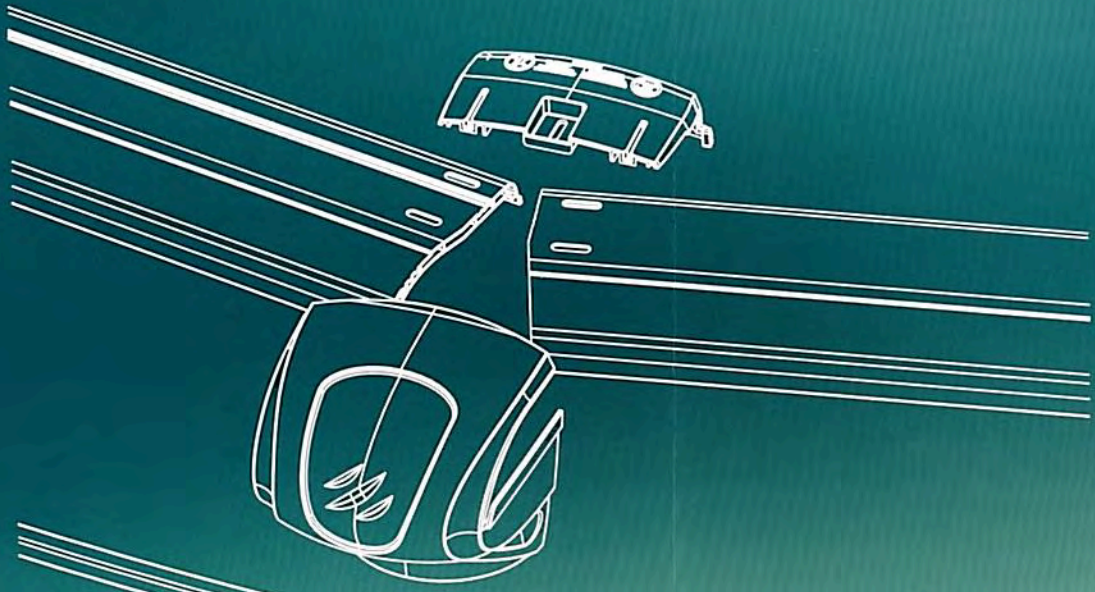

Seek more fun in the sun all summer long!
By combining the strength of steel and the
aesthetics of injection-molded resin,
the **Hybrid Series** gives you the best of both
worlds. Thanks to advanced engineering,
superior materials and renowned durability,
above ground pools reach new heights!
The hybrid structure will ensure that you'll get
the most out of your pool all summer long!

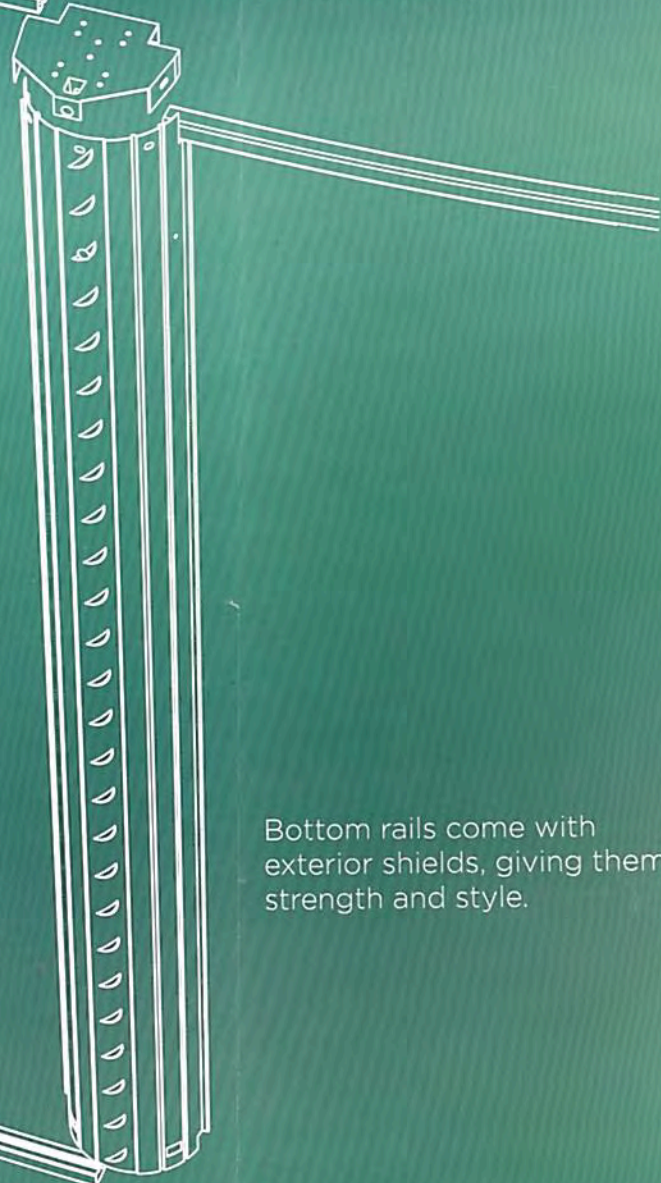

SAHARA RTR

Hybrid construction for outstanding rigidity

Easy to assemble

Durable and supportive,
the uprights are coated
with a protective finish.

Bottom rails come with
exterior shields, giving them
strength and style.
